The use of acronyms, jargon and "double speak" should be avoided.

B. Closed session descriptions shall comply with the permissive provisions of Government Code Section 54954.5 in describing items for closed session.

C. In the case of an item added to the agenda pursuant to Government Code Section 54954.2(b) or section 4.08.050(D) herein, the statement shall be made in open session concurrent with the findings required pursuant to that section.

D. Any action taken on items that are not described in accordance with this section is subject to invalidation pursuant to the provisions of Government Code Section 54960.1.

4.08.130 Statement of reasons for closed sessions.

A. Prior to adjourning to any closed session, a body shall announce in open session the general reason or reasons for the closed session, and must cite and explain the statutory or case authority under which the session is being closed.

B. In the case of a closed session item added to the agenda pursuant to Government Code Section 54954.2(b) or section 4.08.050(D) herein, the statement

shall be made in open session concurrent with the findings required pursuant to that section.

C. If a closed session item or session has been adjourned or continued from a prior meeting, the body shall re-state the reasons for closed session before reconvening the closed session.

D. Nothing in this section shall require or authorize a disclosure of information that is confidential under law.

4.08.140 Conduct of closed session.

A. A body shall consider in closed session only those matters specified in the statement required in Section 4.08.130.

B. The following provisions of the Brown Act apply to the conduct of closed session by bodies and are hereby incorporated by reference as though fully set forth herein: Government Code Sections 54956.8; 54956.9; 54956.95; 54957; and 54957.6.

C. No minutes for a closed session, but a tape recording of the closed session shall be made. The tapes shall remain confidential pursuant to Government Code Section 54960 unless the body elects to disclose the information in accordance with section 4.08.150(B).

4.08.150 Disclosure of closed session discussions and actions.

A. In accordance with Government Code Section 54963 and as provided below, a person present at a closed session may not disclose confidential information received.

B. In addition to the required disclosures pursuant to Government Code Section 54957.1 and subsection C below, the body may, by motion and vote in open session, elect to disclose any other information obtained in closed session which a majority of the members of the body deems to be in the public interest. Any disclosure pursuant to this section shall be made through the presiding official or such other person present in the closed session, designated to convey the information.

C. Immediately following the closed session a body shall publicly report any action taken in closed session and the vote or abstention of every member present thereon, as follows:

1. Real Property Negotiations: Approval of an agreement concerning real estate negotiations pursuant to Government Code Section 54956.8 shall be reported as soon as the agreement is final. If its own approval renders the agreement final, the body shall report that approval, the substance of the agreement and the vote thereon in open session immediately. If final approval requires action from another party to the negotiations, the body shall disclose the fact of its approval, the substance of the agreement and the body's vote or votes thereon after the other party or its agent has informed the body of its action upon (a) inquiry by any person, and, (b) in any event, at the next meeting of said body. If notwithstanding the final approval there are conditions precedent to the final consummation of the transaction, or if there are multiple contiguous or closely located properties that are being considered for transfer, the report specified in this section need not be made until the conditions have been satisfied or an agreement has been reached with respect to all the properties, or both.

2. Litigation: Direction or approval given to the body's legal

counsel to prosecute, defend, seek or refrain from seeking appellate review or relief, or to otherwise enter as a party, intervenor or amicus curiae in any form of litigation as the result of a consultation under Government Code Section 54956.9 shall be reported in open session as soon as given, or at the first meeting after an adverse party has been served in the matter if immediate disclosure of the body's intentions would not be contrary to the public interest. The report shall identify the names and capacities of all parties to the litigation, the court of jurisdiction and case number, the type of case, any existing claim or order to be defended against, or any factual circumstances or contractual dispute giving rise to the litigation.

3. Settlement: If a body accepts a settlement offer signed by an opposing party, the body shall report its vote of approval and identify the substance of the agreement. If final approval rests with another part or with the court, the body shall disclose its vote of approval and the substance of the agreement to any person upon inquiry as soon as the settlement becomes final, but in no case later than the next meeting following final approval of settlement. A body shall neither solicit nor agree to any term in a settlement agreement which would preclude the release, upon request, of the text of the settlement agreement itself and any related documentation communicated to or received from the adverse party or parties. Where the disclosure of documents in settled litigation could affect litigation on a closely related case, the report, settlement agreement and any documents described in this section need not be disclosed until the closely related case is settled or otherwise finally concluded.

D. Reports required to be made pursuant to this section may be made orally or in writing. Copies of any contracts, settlement agreements, or other documents related to the items or transactions that were finally approved or adopted in closed session and which contain the information required to be disclosed under this section shall be made available for inspection and copying, upon request, at the time the report is made or after any substantive amendments have been retyped into the document.

E. A written summary of the information required to be reported immediately pursuant to this section, or documents containing that information, shall be made available for inspection and copying by the close of business on the next business day following the meeting.

F. Action taken in closed session which is not immediately disclosable under this section shall be disclosed and noticed under the procedures set forth in Section 4.08.150(C) at such time as disclosure is required.

4.08.160 Ex-parte communications. While it is the city's policy to encourage communications between the public and officials, the city recognizes that Constitutional due process protections may limit ~~unfettered~~ communications with council members or board or commission members, outside of a public meeting, in certain instances. Therefore, the city's policy on ex-parte communications discourages officials from discussing ~~permit applications,~~ appeals or enforcement matters with members of the public except during the body's formal consideration of the matters. These matters should not be discussed during site inspections or field trips that are not part of an agendaized meeting. If such discussions take place, officials must publicly disclose during the meeting at the start of the agendaized presentation of the item, the substance of any such discussions they have had with anyone other than another member of the

body or staff member. [This policy applies to any appeal or enforcement matter which is pending, or is reasonably expected to come before the body on which the official sits.](#)

It shall also be their duty to assist members of the public in identifying those public records they wish to obtain pursuant to Government Code Section 6253.1. This section shall not be interpreted to curtail existing informal contacts between employees and members of the public when these contacts are occasional, acceptable to the employee and the department, not disruptive of his or her operational duties and confined to accurate information not confidential by law.

C. Public employees, city board, commission or committee members shall not be discouraged from or disciplined for the expression of their personal opinions on

any matter of public concern while not on duty, so long as the opinion is not represented as that of the city, department, board, commission or committee and does not materially misrepresent the city, department, board, commission or committee's position. Nothing in this section shall be construed to provide rights to public employees beyond those recognized by law or agreement, or to create any new private cause of action or defense to disciplinary action.

4.12.030 Public review file--policy body communications. Every body specified in Section 4.04.050 shall maintain a communications file, organized chronologically and accessible to any person during normal business hours, containing a copy of any letter, memorandum or other writing pertaining to the body's duties which the clerk or secretary of such body has distributed to, or sent on behalf of, a quorum of the body concerning a matter that has been placed on the body's agenda within the previous thirty (30) days or is scheduled or requested to be placed on the agenda within the next thirty (30) days. Multiple-page reports, studies or analyses which are accompanied by a letter or memorandum of transmittal need not be included in the communications file provided that the letter or memorandum of transmittal is included in the communications file and the reports, studies or analyses are readily available for review.

4.12.040 Non-exempt public information. Notwithstanding any right or duty to withhold certain information under the California Public Records Act or other law, the following shall govern specific types of requests for documents and information:

A. Drafts and Memoranda. No completed preliminary drafts or memoranda shall be exempt from disclosure under Government Code Section 6254(a) if said completed preliminary draft or memorandum has been retained in the ordinary course of business or pursuant to law or agency or department policy. Completed preliminary drafts and memoranda concerning agreements, memoranda of understanding or other matters subject to negotiation and pending a body's approval need not be subject to disclosure until final action has been taken or said document is included as part of the public agenda packet for the body, whichever is first.

B. Litigation Material. Unless otherwise privileged or made confidential by law, records of all communications between a body's representatives and the adverse party shall be subject to public inspection and copying, including the text and terms of any settlement agreement, once the pending litigation has been settled or finally adjudicated.

C. Personnel Information. None of the following shall be exempt from disclosure under Government Code Section 6254(c):

4. Any adopted memorandum of understanding between the city and a recognized employee organization.

D. Law Enforcement Information.

1. The Benicia Police Department shall cooperate with all members of the public making requests for law enforcement records and documents under the California Public Records Act or other applicable law. Unless disclosure of the records sought is prohibited by other provisions of state or federal law such as the TNG Order, records and documents exempt from disclosure under the California Records Act pertaining to any investigation, arrest or other law enforcement activity shall be disclosed to the public to the full extent permitted by law after the District Attorney or court determines that a prosecution will not be sought against the subject involved or the statute of limitations for filing charges has expired, whichever occurs first. Information may be redacted from such records and documents and withheld if, based upon the particular facts, the public interest in nondisclosure clearly outweighs the public interest in disclosure. The final decision for disclosure shall be made by the city council and the vote and reasoning of each city council member shall be made public on all nondisclosures. Such redacted information may include:

(a) The names of juvenile witnesses or suspects;

(b) Personal or otherwise private information related or unrelated to the investigation if disclosure would constitute an unwarranted invasion of privacy;

(c) The identity of a confidential source;

(d) Secret investigative techniques or procedures;

(e) Information whose disclosure would endanger law enforcement personnel, a witness, or party to the investigation; or

(f) Information whose disclosure would endanger the successful completion of an investigation where the prospect of enforcement proceedings is likely.

2. The Benicia Police Department shall maintain a record, which shall be a public record and which shall be separate from the personnel records of the agency, which reports the number of citizen complaints against law enforcement agencies or officers, the number and types of cases in which discipline is imposed and the nature of the discipline imposed. This record shall be maintained in a format which assures that the names and other identifying information of individual officers involved is not disclosed directly or indirectly.

E. Contracts. Bids and Proposals. Contracts, contract bids, responses to requests for proposals and all other records of communications between the city and individuals or business entities seeking contracts shall be open to inspection and copying following the contract award or acceptance of a contract offer. Nothing in this provision requires the disclosure of a person's net worth or other proprietary financial information submitted for qualification for a contract.

F. Budgets and Other Financial Information. The following shall not be exempt from disclosure:

1. Any proposed or adopted budget for the city, including any of their respective agencies, departments, programs, projects or other categories, which have been submitted to a majority of the members of the city council, or their standing committees.

2. All bills, claims, invoices, vouchers or other records of payment obligations, as well as records of actual disbursements showing the amount paid, the payee and the purpose for which payment is made, other than payments for social, legal or other services whose records are confidential by law. The non-confidential portion, if any, of such records shall be disclosed.

G. E-mail correspondence retained in the ordinary course of business and not exempt from disclosure shall be made available within three working days upon written or oral request. All such e-mail shall be maintained for two years before being destroyed.

4.12.050 Disclosure requests.

A. Notwithstanding any other provision of law and subject to the requirements of this section, a written or oral request to inspect or obtain copies of public records that is submitted to any department or to any body shall be satisfied no later than five business days unless the requestor is advised in writing within one business day that additional time is needed to determine whether:

1. The request seeks disclosable public records or information;

3. The requested records are stored in a location outside of the department;
4. The requested records likely comprise a voluminous amount of separate and distinct writings;

B. All determinations made pursuant to Section 4.12.050(A)(1)-(5) shall be communicated in writing to the requestor within five business days of the date of the request. In no event shall any disclosable records be provided for inspection or copying any later than ten business days after the written determination pursuant to section 4.12.050(A)(1)-(5) is communicated to the requestor. Additional time shall not be permitted to delay a routine or readily answerable request. The written request shall also contain a telephone number, email or facsimile number whereby the requestor may be contacted. The provisions of Government Code Section 6253 shall apply to any

written request that fails to state a number by which the requestor may be contacted.

C. The person seeking the information need not state a reason for making the request or the use to which the information will be put, but shall be advised that providing such information may help the city assist the person finding all documents responsive to their request.

D. Unless the record request will be satisfied within one business day, an acknowledgement of receipt of the request or notification that additional time is needed pursuant to Section 4.12.050(A) shall be sent to the requestor if an address has been provided.

4.12.060 Immediate disclosure request.

A. An Immediate Disclosure Request is a request for (1) public records which have been previously distributed to the public, such as past meeting agendas and agenda-related materials, within the past calendar year or (2) public records such as Statements of Economic Interests that have, by other law, a requirement to be disclosed within a specific shortened time frame. All Immediate Disclosure Requests shall describe the records sought in as focused and specific language as possible so they can be readily identified and shall state the words "Immediate Disclosure Request" across the top of the first page of the request and on any envelope in which the request is transmitted.

B. Notwithstanding any other provision of law and subject to the requirements of this section, a written or oral request to inspect or obtain copies of public records pursuant to an Immediate Disclosure Request that is submitted to any department or to any body shall be satisfied at the earlier of the time required by other law or no later than two business days unless the requestor is advised in writing within two business days that additional time is needed because of the volume of records sought or because the records do not qualify as subject to the Immediate Disclosure Request procedure.

C. All determinations made pursuant to section 4.12.060(B) shall be communicated in writing to the requestor within two business days of the date of the request. If additional time is needed or if the records do not qualify for an Immediate Disclosure Request, the request shall be processed in accordance with section 4.12.050.

4.12.070 Withholding restrictions.

A. No record shall be withheld from disclosure in its entirety unless all information contained in it is exempt from disclosure by law.

B. Any redacted, deleted or segregated information shall be keyed by footnote or other clear reference to the appropriate justification for withholding. Such redaction, deletion or segregation shall be done personally by the attorney or other staff member conducting the exemption review.

4.12.080 Justification for withholding. Any withholding of information shall be justified, in writing, as follows:

A. A withholding under a permissive exemption in the California Public Records Act or this title shall cite the legal authority and, where the exemption is based

on the public interest in favor of not disclosing, explain in practical terms how the public interest would be harmed by disclosure.

B. A withholding on the basis that disclosure is prohibited by law shall cite the applicable legal authority.

C. A withholding on the basis that disclosure would incur civil or criminal liability shall cite any statutory or case law supporting that position.

D. The final decision for withholding information shall be made by the city council. Each council member's vote and general reason shall be given and recorded in public. Detailed reasons need not be provided when such disclosure would compromise privacy or confidential matters or would subject the city to litigation.

4.12.090 Fees for copying.

A. No fee shall be charged for making public records available for inspection.

B. No fee shall be charged for a single copy of a current meeting agenda.

C. A fee may be charged for:

1. Single or multiple copies of past meeting agenda or any agenda-related materials;
2. Multiple copies of a current meeting agenda; and,
3. Any other public record copied in response to a specific request.

D. The agency, department or the city may, rather than making the copies itself, contract at market rate to have a commercial copier produce the duplicates and charge the cost directly to the requester.

E. All drafts or Final Environmental Impact Reports and Environmental Impact Statements shall be posted either on the city's web site or on the consultant's web site.

F. In addition to the copies routinely required for city official or staff use, the city shall require the applicant for a project that is, or will be, of widespread public interest to pay for up to 20 copies of documents such as Environmental Impact Reports. These copies will be provided on a first come first serve basis at no cost to members of the public. The City Manager or designee shall determine if and how many extra copies will be required on a case by case basis.

G. All fees permitted under this section shall be determined and specified in the city of Benicia Master Fee Schedule, as amended. When the cost of writing a receipt and collecting the fees required under this section would exceed the cost of the copies, the copying fee shall be waived. The Master Fee Schedule shall note the maximum amount that may be waived.

H. Nothing in this section shall be interpreted as intending to preempt any fee set by or in compliance with State law.

4.12.100 Web site information. Each department shall make an effort to insure its portion of the city's web site is kept current. Each department shall also post public documents that are of interest to a wide number of the public.

4.12.110 Requests made by email. To ensure that email requests are received, records requests made by email shall not be effective until acknowledged by a

return email of the city. Immediately upon receipt of an email request for records, the employee shall promptly acknowledge the request by a return email. Departments may establish a designated staff member or designated email address to receive email records requests.

4.12.120 Policy regarding purchase and use of computer systems.

A. It is the policy of the city to utilize computer technology in order to reduce the cost of public records management, including the costs of collecting, maintaining, and disclosing records subject to disclosure to members of the public under this chapter. To the extent that it is technologically and economically feasible, departments that use computer systems to collect and store public records shall select these systems to ensure convenient, efficient, and economical public access to records.

B. Departments purchasing new computer systems shall attempt to reach the following goals as a means to achieve lower costs to the public in connection with the public disclosure of records:

- (1) Implementing a computer system in which exempt information is segregated or filed separately from otherwise disclosable information.
- (2) Implementing a system that permits paper reproduction of electronic copies of records.

C. Nothing in this section shall be interpreted to require the city to use a system that would prevent it from complying with the security requirements of the state and federal governments for accessing their records.
